Re: Superior Barrel and Drum Site
798 Jacob Harris Lane, Elk Township, NJ

Ms. Bonnie Hriczko:

Summit Drilling Co., Inc. (Summit) is responding to the letter from the United States Environmental Protection Agency (EPA) dated June 13, 2014 relative to Superior Barrel and Drum Site Elk, Gloucester County, NJ (The Site). The EPA had requested information and documents, stating Summit may have done business with Superior Barrel and Drum Company, Inc. (Site Operator).

On January 1, 2012, Summit merged with Tabasco Drilling Corporation (Tabasco). Tabasco had been in operation since 1990. Tabasco had previously completed drilling activities as a subcontractor for environmental consulting firms. Tabasco had not conducted business with the Site Operator.

The following are responses to inquiries from the EPA in the document dated January 9, 2014, **"Request for Information, General Information about the Company"**.

1. a. Tabasco Drilling Corporation (merged with Summit Drilling Co., Inc. 2012).
b. Tabasco Drilling Corporation is now a closed corporation.
c. Joseph Tabasco, retired.
d. No subsidiaries exist
e. Tabasco merged with Summit on January 1, 2012. To date, Summit has not completed subcontracted work at the Site.
f. No business was ever conducted with the Operator

490012

2. a. Tabasco was in operation from 1990 to January 2014. Tabasco was a drilling company subcontracted to install soil borings, monitoring wells relative to environmental investigation activities.
b. Tabasco was a drilling subcontractor relative to the Site. Tabasco did not manufacture chemicals.

"Company's Relationship to Superior Barrel and Drum (SBD)"

3. a. Tabasco did not conduct business transactions with SBD. Tabasco was a drilling company subcontracted to install soil borings, monitoring wells relative to environmental investigation activities.
b. There was no business relationship between Tabasco and the Operator.
c. There are no contracts known between Tabasco and the Operator.

4. - 10. Not Applicable

Re: *Failure to comply with request for Information Pursuant to Section 104 of CERCLA;
Superior Barrel and Drum Site, Elk, Gloucester County, New Jersey*

Dear Mr. Krillick:

As you may be aware, the United States Environmental Protection Agency ("EPA") is charged with responding to the release or threatened release of hazardous substances, pollutants, and contaminants into the environment and with enforcement responsibilities under the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, as amended ("CERCLA"), 42 U.S.C. §9601, *et seq.* This letter seeks your cooperation in providing information and documents relating to the Superior Barrel and Drum Superfund Site ("Site") located at 798 Jacob Harris Lane, (formerly New Jersey Avenue), Elk Township, Gloucester County, New Jersey. EPA has documented that releases or threatened releases of hazardous substances have occurred at the Site, and is currently conducting a removal action to address the threat to human health and the environment which the Site poses. Our records indicate that your company may have done business with Superior Barrel and Drum Company, Inc., the Site operator.

On January 15, 2014 you were issued a "Request for Information" letter pursuant to Section 104(e) of CERCLA. A copy of that letter is enclosed for your convenience. Although that letter requires a response within 15 days of receipt, to date no response has been received by EPA. Please be aware that failure to timely respond to a CERCLA request for information is punishable by penalties of \$37,500 per day for each and every day of noncompliance under CERCLA Sec. 104(e)(5)(B), 42 U.S.C. Sec. 9604(e)(5)(B), and 73 Fed. Reg. 75346 (Dec. 11, 2008). EPA strongly advises that a response to the Request for Information be mailed as soon as possible to avoid the continued accrual of these penalties and a possible judicial enforcement action.

Once again, your response to EPA's Request for Information should be mailed to:

Ms. Bonnie Hriczko
Removal Action Branch
U.S. Environmental Protection Agency, Region II

Re: Request for Information Pursuant to Section 104 of CERCLA
Superior Barrel and Drum Site, Elk, Gloucester County, New Jersey

Dear Sir/Madam:

The United States Environmental Protection Agency ("EPA") is charged with responding to the release or threatened release of hazardous substances, pollutants, and contaminants into the environment and with enforcement responsibilities under the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, as amended ("CERCLA"), 42 U.S.C. §9601, et seq. (also known as the "Superfund" law). For your information, a copy of the Superfund law may be found at www.epa.gov/superfund/action/law/index.htm.

This letter seeks your cooperation in providing information and documents relating to the Superior Barrel and Drum Superfund Site (the "Site") located at 798 Jacob Harris Lane, (formerly New Jersey Avenue), Elk, Gloucester County, New Jersey. EPA encourages you to give this letter your immediate attention. A complete and truthful response must be provided to the attached Request for Information **within 30 days** of your receipt of this letter.

EPA has documented the release and threatened release of hazardous substances into the environment at the Site. Our records indicate that your company may have done business with Superior Barrel and Drum Company, Inc. ("SBD"). EPA requests your cooperation with regard to answering the attached questions concerning your business relationship with SBD, if any, and providing the requested supporting documentation.

Past operations at the Site included the recycling, reprocessing and reconditioning of drums. The five and a half acre, unpaved Site consists of two former operational areas (2.4 acres and 0.32 acre in size). The main area includes a drum reprocessing building with containers located throughout. The second operational area was mainly utilized for storage of hundreds of full 275-gallon totes and 55-gallon drums, in addition to several trailers holding containers. Both operational areas showed signs of impact from leaking containers or dumping of materials.

On August 30, 2013 EPA On-Scene Coordinators ("OSCs") met with the New Jersey Department of Environmental Protection ("NJDEP") and Gloucester County officials at the Site. They observed thousands of containers, which appeared to be full of contents. Many were located along a public road (Jacob Harris Lane) as well as in the woods, wetlands and elsewhere throughout the property in various states of deterioration. The containers were found to be leaking, void of tops, exposed to the weather elements, rusted, damaged from gunshots, stored improperly and laying on their sides. There were also numerous open trailers also containing 55-gallon drums throughout the Site. The NJDEP collected drum samples which indicated the presence of corrosive and highly flammable materials as well as high levels of toxic chemicals.

EPA performed a removal site evaluation at the Site from September 13, 2013 through September 27, 2013 to determine the Site's eligibility for a removal action pursuant to CERCLA. Based on the results of this assessment, which confirmed the presence of CERCLA designated hazardous substances and the release or potential release of them on-site, the Site became eligible for a removal action, which commenced on September 27, 2013. Information regarding the removal can be found at the following website; <http://www.epa.gov/region2/superfund/removal/superiorbarrel/>.

While EPA seeks your cooperation in the continuing enforcement investigation, compliance with this Request for Information is required by law. When you have prepared your response to the Request for Information, please sign and have notarized the enclosed "Certification of Answers to Request for Information" and return that Certification to EPA along with your response. Please note that false, fictitious, or fraudulent statements or representations may subject your company to civil or criminal penalties under federal law. In addition, Section 104 of CERCLA, 42 U.S.C. Section 9604, authorizes EPA to pursue penalties for failure to comply with a Request for Information.

Some of the information EPA is requesting may be considered by your company to be confidential. Please be aware that you may not withhold the information upon that basis. If you wish EPA to treat the information confidentially, you must advise EPA of that fact by following the procedures described in the Instructions section which follows this letter, including the requirement for supporting your claim for confidentiality.

If you have information about other parties who may have information which may assist the Agency in its investigation of the Site or may be responsible for the material stored at the Site, that information should be submitted within the time frame noted above. Please note that if after submitting your response you obtain additional or different information concerning the matters addressed by our Request for Information, it is necessary that you promptly notify EPA. This Information Request is not subject to the approval requirements of the Paperwork Reduction Act of 1980, 44 U.S.C. § 3501 et seq.

See the enclosed Instructions for information on how to respond to the enclosed questions and/or information requests. Your response to this Request for Information should be mailed to:

Instructions for responding to request for information

A. Directions

1. A complete and separate response should be given for each question. For each question contained in this letter, if information or documents responsive to this information request are not in your possession, custody, or control, please identify the person(s) from whom such information may be obtained.
2. Identify each answer with the number of the question and the subpart to which it responds. For each document produced in response to this Request for Information, indicate on the document, or in some other reasonable manner, the question to which it applies.
3. Provide responses to the best of your company's ability, even if the information sought was never put down in writing or if the written documents are no longer available. Consult with all present and past employees and agents of your company whom you have reason to believe may be familiar with the matter to which the question pertains.
4. In answering each question, identify each individual and any other source of information (including documents) that were consulted in the preparation of the response to the question.
5. If additional information or documents responsive to this Request becomes known or available to you after you respond to this Request, EPA hereby requests pursuant to CERCLA Section 104(e) that your company supplement its response to EPA within 30 days from the date such information or documents became available to it.
6. If you have reason to believe that an individual other than one employed by your company may be able to provide additional details or documentation in response to any question, state that person's name, last known address, phone number, and the reasons for your belief.
7. If a document is requested but not available, state the reason for its unavailability. To the best of your ability, identify the document by author, date, subject matter, number of pages, and all recipients of the documents with their addresses.

8. If anything is omitted from a document produced in response to the Request for Information, state the reason for, and the subject matter of, the omission.
9. If you cannot provide a precise answer to a question, please approximate but, in any such instance, state the reason for your inability to be specific.
10. Whenever this Request for Information requests the identification of a natural person, or other entity, the person or entity's full name and present or last known address also should be provided.
11. Confidential Information: The information requested herein must be provided even though your company may contend that it includes confidential information or trade secrets. Your company may assert a confidentiality claim covering part or all of the information requested, pursuant to Sections 104(e)(7)(E) and (F) of CERCLA, U.S.C. §§ 9604(E)(7)(e) and (F), Section 3007 (b) of RCRA, 42 U.S.C. § 6927(b), and 40 C.F.R. § 2.203(b).

If you make a claim of confidentiality for any of the information your company submits to EPA, your company must prove that claim. For each document or response your company claims is confidential, your company must separately address the following points:

1. the portions of the information alleged to be entitled to confidential treatment;
2. the period of time for which confidential treatment is desired (e.g., until a certain date, until the occurrence of a specific event, or permanently);
3. measures taken by your company to guard against the undesired disclosure of the information to others;
4. the extent to which the information has been disclosed to others, and the precautions taken in connection therewith;
5. pertinent confidentiality determinations, if any, by EPA or other federal agencies, and a copy of any such determinations or reference to them, if available; and

6. whether your company asserts that disclosure of the information would likely result in substantial harmful effects on your business' competitive position, and if so, what those harmful effects would be, why they should be viewed substantial, and an explanation of the causal relationship between disclosure and such harmful effects.

To make a confidentiality claim, please stamp, or type, "confidential" on all confidential responses and any related confidential documents. Confidential portions of otherwise non-confidential documents should be clearly identified. You should indicate a date, if any, after which the information need no longer be treated as confidential. Please submit your response so that all non-confidential information, including any redacted versions of documents are in one envelope and all materials for which you desire confidential treatment are in another envelope.

All confidentiality claims are subject to EPA verification. It is important that your company satisfactorily show that it has taken reasonable measures to protect the confidentiality of the information and that it intends to continue to do so, and that it is not and has not been obtainable by legitimate means without your company's consent. Information covered by such claim will be disclosed by EPA only to the extent permitted by CERCLA Section 104(e). If no such claim accompanies the information when it is received by EPA, then it may be made available to the public by EPA without further notice to your company.
